**A LOVING START.
A JOYFUL JOURNEY.
A BRIGHT FUTURE.**

Where little minds learn through curiosity, movement, imagination and meaningful relationships.

ADMISSIONS OPEN • PLAYGROUP • NURSERY • LKG • UKG

Welcome to Bachpan Play School

Bachpan Play School at Richi Village, Jollang is a preschool centre designed around the needs of young children. The Bachpan approach emphasises child-oriented learning, play, activity, communication and early skill development. The Richi Village centre is listed by Bachpan under School Code 3091.

Our Purpose

We aim to provide children with a safe, positive and stimulating first-school experience—one that builds confidence, curiosity, communication and readiness for the next stage of education.

LEARN	Build early concepts through age-appropriate activities, stories, games and guided exploration.
EXPLORE	Encourage children to observe, question, experiment, move and discover at their own pace.
EXPRESS	Develop language, communication, creativity and the confidence to share ideas.
GROW	Support social, emotional, physical and cognitive development together.

A Preschool Experience Built Around the Child

Bachpan's published preschool model describes a progression from early comfort and fine-motor development towards cognitive skills, language development, writing readiness and foundational mathematics. Learning is supported through activity-based and technology-aided teaching resources.

“Children learn best when learning feels meaningful, active and joyful.”

Our Early Learning Programme

The programme structure follows Bachpan's published preschool stages. Each stage is designed to meet children at their level of development and gradually strengthen school-readiness skills.

PROGRAMME	FOCUS	DEVELOPMENTAL EMPHASIS
PLAYGROU P	Early years	Comfort with school • social interaction • sensory and motor exploration • simple routines • expression
NURSERY	Foundation stage	Colours • numbers • patterns • shapes • quantities • vocabulary • general cognitive development
LKG	Language & concept building	Storytelling • role play • recitation • communication • early writing • foundational concepts
UKG	School readiness	Letter formation • cursive-writing readiness • basic mathematics • language fluency • independent learning habits

Learning Through Play & Activity

Storytelling & role play	Rhymes, music & expression
Drawing, colouring & creative work	Indoor games & movement
Nature, observation & exploration	Language & communication activities
Numbers, patterns & concept games	Celebrations & social experiences

Growing More Than Academics

The preschool years are about more than letters and numbers. Our learning environment is intended to help children develop the foundational behaviours and abilities they carry into later schooling.

SOCIAL DEVELOPMENT	Sharing, turn-taking, cooperation, classroom routines and positive interaction.
EMOTIONAL DEVELOPMENT	Confidence, self-expression, independence and comfort in a new environment.
LANGUAGE & COMMUNICATION	Listening, vocabulary, storytelling, conversation, recitation and expression.
COGNITIVE DEVELOPMENT	Observation, classification, patterns, quantities, problem-solving and early reasoning.
PHYSICAL DEVELOPMENT	Fine-motor and gross-motor activities, movement, coordination and active play.
CREATIVITY	Art, music, role play, imagination and opportunities to create and communicate ideas.

Teachers & Parents: Partners in a Child's Growth

A strong preschool experience works best when school and home communicate. Parents are encouraged to share relevant information about the child's interests, routines and needs, while teachers observe development and provide age-appropriate guidance.

Our Commitment

A child-friendly atmosphere • respectful relationships • purposeful activities • age-appropriate learning • clear communication with families • attention to each child's developing strengths

Why Choose Bachpan Play School?

Established Preschool Network	Bachpan states that its network spans 1,200+ schools across 400+ cities.
Child-Centred Approach	The Bachpan model focuses on the child's comfort, curiosity, participation and developmental needs.
Structured Early Learning	Playgroup, Nursery, LKG and UKG provide a progressive path through the preschool years.
Activity-Based Learning	Concepts are reinforced through stories, role play, games, creative activities and guided exploration.
Technology-Aided Resources	Bachpan's published model includes technology-aided and interactive learning resources.
A Local School for Local Families	The Richi Village centre serves the Jollang-Chimpu area of Itanagar, Arunachal Pradesh.

A Message for Parents

Choosing a first school is choosing the environment in which a child begins to associate learning with people, places and experiences. We invite parents to visit, ask questions, understand the programme and see the learning environment before making an admission decision.

Come. Explore. Meet the Teachers. Begin the Journey.
